# Kodak Digital Camera Battery Charger Models K8500 and K8600

### **User Guide**

Thank you for purchasing the KODAK Digital Camera Battery Charger. The battery needs to be charged before using and takes approximately 3 hours or less. The battery can be charged and discharged approximately 300 times. Additional KODAK Li-lon Batteries are available from dealers of Kodak products, or visit www.kodak.com/go/batteries.

#### **Easy Steps to Charging**

- Model K8500 is for charging the KODAK Li-Ion Rechargeable Digital Camera Battery KLIC-8000 only. Model K8600 is for charging the KODAK Li-Ion Rechargeable Digital Camera Battery KLIC-7001 only. Do not load other types into the charger.
- Insert the battery into the charger with the +/contacts facing the +/- contact points in the charger.
- Insert the plug that matches your power type then plug the charger into a power outlet.
- Verify that the red charge indicator light on the charger turns on. If the light does not turn on, verify that the battery is inserted correctly.
- Remove the battery and unplug the charger when the red indicator light turns green. Charging takes approximately 3 hours or less.

# IMPORTANT SAFETY INSTRUCTIONS— Save These Instructions

- DANGER—TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, CAREFULLY FOLLOW THESE INSTRUCTIONS.
- For connection to a supply not in the U.S.A., use an attachment plug adapter of the proper configuration for the power outlet. This battery charger is intended to be correctly oriented in a vertical or floor mount position.

## CAUTION:

- Charge only compatible Li-lon rechargeable batteries. Other types of batteries may burst causing personal injury and damage.
- Risk of electric shock. Use only in dry locations.
- Do not operate charger if it has been damaged.
- To reduce the risk of electric shock, unplug charger from outlet before attempting any maintenance or cleaning.
- Be sure to use charger with correct voltage: AC 100-240V.
- Do not insert any objects (such as a screwdriver or metal wires) into the charger.
- Do not modify or disassemble.
- If something appears wrong with the charger and/or batteries, disconnect from the electric outlet immediately.
- Keep out of reach of infants. Children may use only under strict parental supervision.
- Store in a dry, cool place.

# Recommended temperature ranges for use:

Li-lon	
32°-122° F (0°-50° C)	
32°-95° F (0°-35° C)	
-4°-86° F (-20°-30° C)
